

Product Requirements Document (PRD) Template

Reference Template for Document Validation System

1. Introduction

1.1 Purpose

Describe the purpose of this Product Requirements Document (PRD). Mention the product name and explain what this document is intended to define.

1.2 Product Vision

Provide a high-level overview of the product, its purpose, and its value to the organization or users.

1.3 Goals and Objectives

List the primary goals and objectives for developing this product.

- Automate document validation processes
- Reduce manual review time and errors
- Improve consistency in document quality assessment
- Enable scalable document processing

1.4 Definitions, Acronyms, and Abbreviations

List important terms, acronyms, and abbreviations used in the document.

Term	Description
PRD	Product Requirements Document
User	Person who interacts with the product
KPI	Key Performance Indicator

1.5 Document Overview

Briefly explain how the rest of the document is organized.

2. Market and User Analysis

2.1 Target Users

Identify and describe the primary and secondary users of this product.

- Admin
- Registered User
- Guest User

2.2 User Needs and Pain Points

Describe the needs and challenges that this product addresses.

- Time-consuming manual document review
- Inconsistent evaluation criteria
- High error rates in manual quality checks

2.3 Competitive Analysis

Analyse competing products and solutions, and explain how this product is different.

3. Product Features and Requirements

3.1 Core Features

List the primary features of the product with a short description and priority.

Feature	Description	Priority
Multi-format Support	Support PDF and DOCX file uploads	High
Template Validation	Compare documents against predefined templates	High
Score Generation	Automatic scoring and acceptance or rejection	High
Admin Dashboard	Manage templates and view reports	Medium
Export Reports	Export validation results in multiple formats	Medium

3.2 Feature Requirements

Describe the detailed requirements for each feature listed above.

4. User Experience and Design

4.1 User Workflows

Describe the key user workflows and interactions with the product.

4.2 Design Principles

- Simple and intuitive interface
- Clear feedback and status indicators
- Consistent with brand guidelines
- Responsive design for mobile and desktop

5. Success Metrics

5.1 Key Performance Indicators

Define the metrics used to measure the success of the product.

Metric	Target	Timeline
User adoption rate	80%	6 months
Time saved per document	75% reduction	Post-launch
Validation accuracy	95% or higher	Ongoing
System uptime	99%	Ongoing
User satisfaction	4.0 / 5.0	Quarterly

6. Release Plan

6.1 Release Phases

- Phase 1 (Month 1-2): Core functionality development
- Phase 2 (Month 3): Testing and quality assurance
- Phase 3 (Month 4): User acceptance testing
- Phase 4 (Month 5): Deployment and training

6.2 Go-to-Market Strategy

Describe the strategy for launching and promoting the product.

7. Risks and Assumptions

7.1 Assumptions

- Users have basic technical knowledge
- Sufficient budget is available for development and testing
- Stakeholders support the project throughout

7.2 Identified Risks

- User adoption challenges
- Technical integration issues
- Security and compliance requirements

8. Validation Rules

8.1 Required Sections

The uploaded PRD document should include the following main sections:

- Introduction
- Market and User Analysis
- Product Features and Requirements
- User Experience and Design
- Success Metrics
- Release Plan
- Risks and Assumptions
- Validation Rules
- Appendices

8.2 Validation Criteria

The document validation system should check whether required sections are available, whether section names are similar to the PRD template, whether sections follow the correct order, and whether the document belongs to the correct document type.

8.3 Scoring Criteria

Score Range	Validation Result
75-100	Accept
50-74	Needs Improvement
0-49	Reject

9. Appendices

9.1 Appendix A: Feature Roadmap

Insert a detailed feature roadmap and future enhancements.

9.2 Appendix B: Additional Information

Include any extra information related to the product.
