

User Acceptance Testing (UAT) Template

Reference Template for Document Validation System

Use this template as the standard reference structure for validating User Acceptance Testing (UAT) submissions. The validation system can compare uploaded UAT documents against this template to verify required sections, section order, completeness, and overall document structure.

Revision History

Version	Date	Description	Author
1.0	<Date>	Initial UAT Template	<Name>

1. Introduction

1.1 Purpose

Describe the purpose of this User Acceptance Testing document and explain that it validates whether the system satisfies business and user requirements.

1.2 Scope

Describe the features and business processes included in UAT.

1.3 Objectives

Define the objectives of user acceptance testing.

1.4 References

List related documents such as BRD, FRD, SRS, STP and STD.

1.5 Document Overview

Briefly explain the organization of this document.

2. UAT Planning

2.1 Test Scope

Identify modules and features included in UAT.

2.2 User Roles

List business users and stakeholders participating in UAT.

2.3 Entry Criteria

Define conditions before UAT begins.

2.4 Exit Criteria

Define conditions for successful completion.

3. UAT Test Scenarios

3.1 Test Scenario List

Provide user acceptance scenarios.

3.2 Test Cases

Document UAT test cases with expected results.

4. Test Execution Results

4.1 Execution Summary

Summarize executed test cases.

4.2 Defects Identified

Record defects discovered during UAT.

4.3 Retesting

Describe verification of resolved defects.

5. User Feedback and Sign-off

5.1 User Feedback

Record comments and recommendations from business users.

5.2 Approval and Sign-off

Provide approval details confirming acceptance.

6. Validation Rules

6.1 Required Sections

Introduction, UAT Planning, UAT Test Scenarios, Test Execution Results, User Feedback and Sign-off, Validation Rules, Appendices.

6.2 Validation Criteria

Check required sections, section order, UAT tables, sign-off information, and document type.

6.3 Scoring Criteria

75-100 Accept, 50-74 Needs Improvement, 0-49 Reject.

7. Appendices

7.1 Appendix A

Sample UAT Test Cases

7.2 Appendix B

Additional Information

Sample UAT Test Case Table

Test Case ID	Scenario	Expected Result	Actual Result	Status	Remarks
UAT-01	User Login	Login successful	<Enter>	Pass/Fail	
UAT-02	Upload Document	Document uploaded	<Enter>	Pass/Fail
